ABOUT CSI

The seed for the Computer Society of India (CSI) was first shown in the year 1965 with a handful of IT enthusiasts who were a computer user group and felt the need to organize their activities. They also wanted to share their knowledge and exchange ideas on what they felt were a fast emerging sector. Today the CSI takes pride in being the largest and most professionally managed association of and for IT professionals in India. The purposes of the Society are scientific and educational directed towards the advancement of the theory and practice of computer science and IT. The organization has grown to an enviable size of 100,000 strong members consisting of professionals with varied backgrounds including Software developers, Scientists, Academicians, Project Managers, CIO's , CTO's & IT vendors to just name a few. It has spread its branches all over the country. Today, the CSI has 72 chapters all over India, 511 student branches, and more than 100000 members including India's most famous IT industry leaders, brilliant scientists and dedicated academicians.

ABOUT LAKSHMANGARH (SIKAR)

Lakshmangarh is a town in Sikar district of Rajasthan state in India. It is situated on National Highway-52 at a distance of 24 km from Sikar in north. Lakshman Singh of Sikar constructed the Lakshmangarh Fort in 1862 AD, and around it he established the present Lakshmangarh town, which was founded in 1864 AD. Other than the Lakshmangarh fort, the Ghanta ghar (Clock Tower) and various havelis with famous Shekhawati fresco paintings and Chhatris are the hallmark of the town.
