School of Liberal Arts and Sciences
BACHELOR OF PHYSIOTHERAPY [BPT]
4 YEARS PROGRAM & 6 MONTHS INTERNSHIP

WHO ARE PHYSIOTHERAPISTS?

They are autonomous health professionals who are responsible for developing, maintaining or restoring movement and functional ability throughout the life span using evidence based practice. They relieve pain and treat or prevent physical conditions associated with injury, disease or other impairments.

SCOPE OF PHYSIOTHERAPY

- In India, few thousand physios are available against more than a billion people. Hence, it is a highly demanded profession

- Physiotherapists are required in hospitals, clinics, sports teams, fitness centers, colleges, industries etc
