- Students who have pending fees were saying that they will submit in this month positively and one of them have already submitted.
- During the meeting, the students mentioned some of their issues which are as follows:
  1. Students were asking about the final examination, because most of the students those have been placed they are joining in the month of June.
  2. Some of the students those doing internship, they have also their final presentation of internship in the month of June, so if the final examination would also held in June their date may get clashed.
  3. Some of the students have applied for the Master and related institute have been given a deadline for submission of provisional degree and final semester mark sheet.
  4. What will happen to those whose midterm exam was missed due to some genuine reason ad they had submitted the documents related to the same.
  5. They were asking about the date of major project third phase examination.
- I have also shared a Google form and an Excel sheet in which they will mention their achievements and academic performance (session of 2019-2020 and 2020-2021) respectively (Links are given below).
