INSTITUTIONAL EXCELLENCE AWARD-2016**

**COLLEGE OF LAW AND GOVERNANCE
MODY UNIVERSITY OF SCIENCE AND TECHNOLOGY, RAJASTHAN**

A sleepy little village of Laxmangarh in Rajasthan is now turned into a bustling educational city by the presence of a series of educational institutions under a private University called Mody University of Science and Technology. Set up in 1998 by its promoter Shri R. P. MODY for the educational empowerment of women, it focuses on Science and Technology and has world class infrastructure.

The College of Law and Governance established in 2007 admits over a hundred women every year in L.L.B., L.L.M. and Ph.D. programmes and undertakes extension activities in and around Laxmangarh providing social context learning of law and clinical education in problem solving techniques. Being a residential institution with strict discipline, co-operative living and a wholesome work culture, Mody College of Law and Governance is a unique model for higher education for women in the country.

Under the dynamic leadership of environmentalist and scholar Prof. (Dr.) Satish C. Shastri, College of Law and Governance has adopted an innovative and intellectually stimulating curriculum to prepare women for a variety of legal careers and development tasks. The college emphasizes experiential learning and has several clinical programmes offering opportunities for students for on-the-job learning of skills and professionalism. Many of its students have excelled in national level moot court competitions and won medals and awards.

An "exclusively for women" University located in a rural setting with the best of facilities preparing women for leading the country in the development path under rule of law is remarkable initiative deserving appreciation of all concerned. The Society of Indian Law Firms and the Menon Institute of Legal Advocacy Training are happy to honour the College of Law and Governance of the Mody University of Science and Technology with the Institutional Excellence Award 2016 and wish it all the best in its mission for excellence in women's empowerment.

Ref: BHAVAN 2017 Internship/1/ Sanjeev Jakhar

06 February 2017

Dear Mr. Sanjeev Jakhar,

Congratulations on your selection for the **prestigious Building Energy Efficiency Higher & Advanced Network (BHAVAN) Internship Program supported by the Department of Science & Technology, (DST), Govt. of India, and the Indo-U.S. Science and Technology Forum (IUSSTF).**

The objectives of this program are to provide an opportunity to the best and brightest Indian students to gain exposure and access to world class research facilities in leading U.S. institutions; to promote research and capacity building in the frontline area of Building Energy Efficiency, to encourage and motivate outstanding students to take up research as a career path and to pave the way for the next generation scientists and technologists from India to interact with American peers, thus helping to build long-term R&D linkages and collaborations.

For the Internship, you would be travelling to **University of Nevada, Las Vegas, USA**, for a period of **3 months tentatively from first week of June 2017 to end- August 2017**. Please note that your travel needs to be initiated before **31st July 2017**.

The Internship awarded to you will cover the following:

1. **Round-trip air-ticket:** Air-tickets would be provided directly by the IUSSTF Travel Desk by economy class and shortest route. You are advised to contact traveldesk@indousstf.org
2. **Stipend @ US\$ 2,500/- per month**
3. **Health insurance** upto US\$ 500 or at actuals.
4. **Contingency or preparatory allowance** to cover expenses for obtaining U.S. Visa, airport transfers in India and U.S.A, etc. up to a maximum of INR 50,000/-

The expenditure should be incurred strictly in accordance to the *Terms & Conditions* (please refer to enclosed document) governing the BHAVAN Internship. It is expected that due recognition to DST and IUSSTF is made in all scientific publications, presentations etc. connected with this Internship.

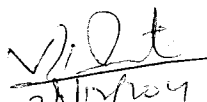

If you need any further information, please feel free to contact my colleague *Dr. Nishritha Bopana* and *Ms. Subhashree Basu* at energy.fellowship@indousstf.org

I wish you an academically rewarding experience through this prestigious Internship.

Best wishes,

(Rajiv Kumar Tayal)

To whom it may concern

This is to certify that Mr. SANJEEV JAKHAR has worked as a visiting scholar in the Center for Energy Research (CER), University of Nevada Las Vegas, from June 1, 2017 to August 27, 2017.

He has good knowledge in renewable energy sources, especially solar and geothermal energy, and has had a good exposure to many of the aspects of the UNLV CER. He has worked on the project "Rooftop Photovoltaic/Thermal Air Collector Coupled with Earth Air Heat Exchanger for Combined Power and Space Heating." We wish him success in his future endeavors.

Sincerely,

Invitation Letter

To whom it may concern,

It is a pleasure to notify that we have accepted Mr Sanjeev Jakhar as a visiting researcher at the Institut für Werkzeugmaschinen und Fertigungstechnik - IWF (Institute of Machine Tools and Production Technology) of the Technische Universität Braunschweig for the period between November 1st 2016 and January 2nd 2017. He will work within the project „Engineering Education in India: Joint Indo-German Experience Lab“, funded by the DAAD (Deutscher Akademischer Austausch Dienst – German Academic Exchange Service). The DAAD will also cover Mr. Jakhar's travel and living costs. This scholarship covers Mr Jakhar's travel and living costs up to a maximum of 2,695 € (575 € for travelling and 2,120 € for living costs). The IWF will provide an office space during his stay in Braunschweig.

His passport details are

- 1) Surname: Jakhar
- 2) Given name: Sanjeev
- 3) Passport No.: H5668113
- 4) Valid up to: 15/09/2019

Tour Technical Details

Academic highlights & new developments presented at the Event (200 Words):

In the present paper an integrated system (EWHE and PV/T) has been simulated using transient simulation tool (TRNSYS v17.0) for local weather conditions of Pilani, Rajasthan. In the analysis the burial depth for EWHE as taken 3.5 m while the length of pipe as considered 30 m. Results show that the maximum panel temperature dropped significantly from 79.31 °C to 46.29 °C for mass flow rate of 0.022 kg/s when it is operated with EWHE. The electrical conversion efficiency of PV/T panel was increased by 2% when it is coupled with EWHE. The maximum power output from PV was found to be 140.3 W without cooling, while with cooling it is increased to 163.94 W for 0.026 kg/s flow rate. It is observed that for 6 hours of operation of system, the cooling capacity of EWHE increases from 2038.9 kWh to 3732.8 kWh as mass flow rate increased from 0.006 kg/s to 0.022 kg/s respectively. Simulation results of the study confirmed that the EWHE system with PV/T is quite effective for PV cooling during summer season as it increases the electrical efficiency up to 11%.

Applicant's Contribution at the Event (200 words):

The applicant has presented the research paper on "performance analysis of photo voltaic panels with earth water heat exchanger cooling". The presentation was highly appreciated by the session chair and audience. The technical know-how a scientific discussions with eminent researchers and professors had been carried out for future collaborative research.

Visits to other Scientific Institutions / Universities during participation in the Event, if any (200 words):

I have visited the mechanical engineering laboratories of Thammasat University Rangsit Campus Bangkok.

Late Shri Pralhad Chhabria Awards – 2018

It has been Late Shri Pralhad P Chhabria's dream to empower women and instil in them the confidence to believe in their abilities to make the society better. He believed that women have the ability to take what they have and bring about a change in their families, their work place and their society. They are by nature givers which give them the ability to do good for all around them. He always encouraged female students to be courageous to pursue their professional and personal aspirations and not allow gender biases hinder their path to success.

In his honour, **Hope Foundation and Research Centre, IEEE India Council and Women in Engineering (WIE) Affinity Group, IEEE Pune Section** has announced two awards that are designed to recognize and applaud outstanding female student/s specifically from the faculties of Science, Engineering or Technology as well as young women Scientists, Engineers or Technocrats who are in their early career stage.

Shri Pralhad P Chhabria Awards 2018, which were officially launched on 16th December 2017 during IEEE India Council organized conference INDICON 2017 at IIT Roorkee.

The two awards are designed to recognize and applaud outstanding female student/s specifically from the faculties of science, engineering or technology as well as young women engineers who are in their early career stage.

Award I - Best Outgoing Female Student (from faculty of Science / Engineering / Technology)

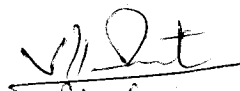

Award II - Best Women Engineer / Scientist / Technocrat (working Professional -Early Career Stage).

The awards were open to Indian nationals and exclusive only to IEEE Student Member for Award No 1 and IEEE Member for Award No 2. The other criterion for evaluation was demonstration of originality and innovation in the respective field/s of work was mandatory.

Each award is a cash prize of 1,25,000/- (Rupees One Lakh Twenty Five Thousand only) Taxes as applicable shall be deducted from this prize money, a medal and a citation.

The debut edition of Late Shri Pralhad Chhabria Awards – 2018 winners were announced on the eve of Founder's Day i.e., Late Shri Pralaha Chahabria's birth anniversary on 12th March 2018 in an event hosted by Hope Foundation and Research Centre, Pune and I²IT Pune.

On behalf of Hope Foundation, IEEE India Council and Women in Engineering Affinity Group, IEEE Pune Section, Congratulations to Winners of both awards.
