

Hostels

The campus is stretched at a 265 acres of beautiful land that is infused with a fine network of roads. In a latest survey by the wildlife department, 81 species of birds (certified by ornithologists from World Wildlife Fund) and 12 species of butterflies (certified by lepidopterists from World Wildlife Fund) have been identified. The campus has its own power house and captive sewage treatment plant. No ground water is lost and all irrigation is carried out with recycled water. Its rural location is quiet and peaceful, being away from all the pollution and hustle of the urban section. The campus, in short, is environment- friendly besides being the best location for academic development.

STUDENTS' HOSTEL

Being in the middle of the beautiful Thar desert, the campus has been built through a visionary's eyes. For students from far off places, different cities and town, Mody University offers accommodation in its hostels with all the required facilities. The hostel boarders are happy in the Mody University residences as they are immensely taken care of and get to stay amidst of natural beauty. The hostel rooms accommodate students and help them to live more like a family, thereby making them feel they are not really far from their families.

Student priorities are met by providing following hostel facilities:

- 24/7 power supply and availability of hot water
- RO system for drinking water at every hostel
- Common room with LCD TV and recreation utilities at every hostel
- Indoor games facilities
- Intercom at all floors of every hostel
- Wi-fi enabled campus
- Transportation and medical facilities available at all time
- Extreme measurement of safety and security proposed
