IT Tools for Teaching Pedagogy

03rd to 7th February, 2020

About Mody University

The Mody University is a Private university aimed at helping the girl population avail quality education with world-class techniques in an IT-savvy environment. It gives the students an opportunity to study the subject they want. They can choose from numerous undergraduate and postgraduate courses of different disciplines like Arts, Science, Commerce, Engineering, Management, Law, Fashion, Interior Design, Architecture, Physiotherapy, Agriculture etc.

About School of Business

School of Business (SOB) has three major pillars of Management, Economics and Commerce - which combine together to make SOB a center of excellence for study of Business in totality. Even before it started being recognized that gender diversity and investing in female leaders make business sense, SOB has been delivering its under-graduate and post-graduate programs in management, economics and commerce through a unique mix of cross-functional approach to business, focus on issues impacting career-success of women in the professional world and seamless alignment with Indian beliefs and value-systems.

IT Tools for Teaching Pedagogy

What is Pedagogy?

- The approach to teaching.
- The theory and practice of learning, and how this process influences, and is influenced by.
- Focusing on the social, political and psychological development of learners.

Tools used for Teaching Pedagogy

- A pedagogical tool is anything that a person uses to learn or teach.
- Learning Tools that a faculty adopts to affluence learning are called pedagogical tools.
- There is no limit on what could be a pedagogical tool.
- It's totally up to the faculty and the student to make the connection between the concepts, facts, and tools learned.
- Some of the traditional pedagogical tools include textbooks, handouts, microscopes, worksheets, hand-on-models, etc. In the present day, due to technological advancement, a computer, laptop, websites, mobile app devices could be online pedagogical tools.

Technology in Pedagogy

- People have learned more about the way individuals learn.
- However, educators and students have branched out to other types of pedagogical tools.
- Technology has played a major role in this advancement, with students and teachers now using tools such as websites or mobile
