- ▶ Cultural and Activity Spaces
- ▶ Tapovan (Spiritual Center)
- ▶ Health and Medical Support
- ▶ Shuttle Services and Café
- ▶ Computer Lab and Research Facilities

Core Strengths

- ▶ State-of-the-art labs for practical knowledge
- ▶ Advanced facilities for drug development and formulation
- ▶ Specialized labs for pharmacokinetics and pharmacodynamics
- ▶ Computer labs with cutting-edge molecular modeling tools
- ▶ Extensive library with key resources
- ▶ Access to advanced research and industry tools
- ▶ Modern infrastructure supporting academics and activities
- ▶ Collaborations with pharma companies and hospitals
- ▶ Focus on personalized medicine and biotech innovations
- ▶ Regular professional workshops and seminars
- ▶ Practical learning through live projects and case studies

Industry Linkages

The School of Pharmacy builds strong partnerships with leading pharmaceutical companies and research institutions, offering B. Pharm students valuable internship opportunities in reputed pharmaceutical industries. These internships allow students to gain hands-on experience, apply classroom knowledge, and develop essential skills such as problem-solving and communication. Students also gain exposure to cutting-edge technologies and industry trends, enhancing their understanding of the pharmaceutical field. Additionally, internships provide opportunities to build professional networks, connect with mentors, and boost career prospects. These experiences ensure that students are well-prepared for successful careers in the dynamic and competitive pharmaceutical industry.

Research Opportunities

Students can participate in advanced research projects on drug development, pharmacovigilance, and clinical trials. They also engage in regular industry visits and interactions with professionals, allowing them to connect academic knowledge with real-world practices. Additionally, students have access to state-of-the-art research facilities and resources, enabling them to conduct innovative studies in pharmacy. This hands-on experience enhances their understanding and equips them with the skills needed to excel in the pharmaceutical field.

Student Life

Student life at Mody University is vibrant, diverse, and designed to offer a balance of academics, cultural development, and personal growth. As an all-women's residential university, it provides a safe, inclusive, and empowering environment.

BioDiversity @ Campus

Enjoy the rich flora and fauna of the campus, which is a permanent home for over 100 species of birds and 25 species of butterflies. The University boasts 11532 trees/plants/shrubs/climbers/creepers of 300 species. Rainwater harvesting is done to recharge underground aquifers. A sewage treatment plant is commissioned to recycle 11 lakh liters of used water daily and use it for horticulture.

Be ready for the future
that you have aimed for

- Pharmaceutical Research and Development
- Clinical Research Coordinator
- Regulatory Affairs Specialist
- Clinical Pharmacist
- Academia/ Higher Studies.
- Pharmacy Owner/Manager
- Pharmaceutical Consultant

Admission Steps
